PROFESSIONAL SUMMARY

Fresher Front-End Developer skilled in HTML, CSS, and JavaScript, seeking an entry-level web development position. Passionate about creating responsive, user-friendly websites and learning new technologies. Strong problem-solving skills, attention to detail, and a desire to contribute to a team-oriented environment.

PROJECT

Personal Portfolio Website

A responsive personal website designed to present professional information in a structured manner. The project focuses on displaying profile details, skills, education, and project work in separate sections. It provides easy navigation and a clean layout for better user experience. The website adapts smoothly to different screen sizes such as mobile, tablet, and desktop.

Responsive Business Website

A multi-page website developed to represent a business or service online. The project includes structured pages such as Home, About, Services, and Contact. It focuses on clear content presentation, simple navigation, and responsive layout. The design emphasizes usability, readability, and a professional visual appearance.
